Nota di bibliografia	Includes bibliographical references (p. [156] - 169) and index.
Nota di contenuto	Arguments for toleration -- Trust and the rationality of toleration -- The conversion to toleration -- Establishing toleration -- Of socinians : toleration and the limits of trust -- Of homosexuals : trust and the practices of public reason -- Epilogue: Balancing trust and toleration.
Sommario/riassunto	Toleration would seem to be the most rational response to deep conflicts. However, by examining the conditions under which trust can develop between warring parties, it becomes clear that a fundamental shift in values - a conversion - is required before toleration makes sense. This book argues that maintaining trust is the key to stable practices of toleration.
