Verbal Complexes and the Syntax of IPP-Complements; 7. Open Issues: Extraposition, VP-Topicalization, and the Status of Gerunds; 8. Summary and Conclusions; Notes; References; Index
Sommario/riassunto	Providing a study of three salient phenomena of West Germanic, namely scrambling, remnant movement and restructuring, this book discusses their interrelatedness. In particular, restructuring is shown to break down into remnant movement of the major phases of the infinitival clause, and the transparency of restructuring infinitives.
