Sommario/riassunto	Despite recent upheavals, Japan remains one of the dominant economic powers at the end of the twentieth century. Yet the Japanese economy is one of the most misunderstood phenomena in the modern world. Aimed at graduate courses on Japan, this book will be indispensable both for students and instructors alike. Lucid explanations and comprehensive and rigorous analysis make it a natural choice for any interested in comprehending the rise of the Japanese economy. - ; Despite recent upheavals, Japan remains one of the dominant economic
