Nota di contenuto	Cover; Contents; List of Contributors; List of Figures and Tables; Introduction; Part I: Intentionality and the Functionality of Things; Part II: Things in the World of the Child; Part III: Transformation and Things; Part IV: Organisation and Things; Name Index; Subject Index
Sommario/riassunto	In this book, contributors from across the social sciences focus on everyday objects and how these objects enter our activities over the course of time. Using a combination of different theoretical approaches, the book argues against the standard notion of objects and their properties as inert and meaningless, and for the need to understand the relations between people and objects in terms of process and change.
