Two Conceptions of Semantics; 8. Presupposition and Relevance; 9. Naming and Asserting; 10. In Defense of Non-Sentential Assertion; Index
Sommario/riassunto	Semantics Versus Pragmatics is a collection of ten papers by some of the most influential contemporary analytic philosophers of language, preceded by an informative and accessible introduction by the book's editor. The book is important because the papers it contains reflect a wide range of views concerning the lively debate that is currently taking place concerning how, and whether, the distinction between pragmatics and semantics is to be drawn. . . . [they] provide ample evidence. that analytic philosophy of language is in the midst of a lively debate that has produced, and is likely to con
