| Sommario/riassunto | In the early Roman Empire, women's domestic roles were given new public prominence. Through an examination of early imperial representations of women's activities and responsibilities within the household, Kristina Milnor argues that this emphasis on private morality is actually a new way of understanding the nature of political life. - ;The age of Augustus has long been recognized as a time when the Roman state put a new emphasis on `traditional' feminine domestic |

ideals, yet at the same time gave real public prominence to certain women in their roles as wives, mothers, sisters, and daughters
