Sommario/riassunto

Ted Wragg is well-known for his writing on all the essential issues in education and over the last thirty years contributed over forty books and a thousand articles to the field. This book offers a personal selection of his key writings in one volume for the first time. With a specially written introduction, this internationally renowned author contextualises his work and gives an overview of his career. The broad-ranging subjects covered include:

- classroom teaching and learning
- training new and experienced teachers
- curriculum in action
- educational policy
