Sommario/riassunto	This international e-book focuses on the hospitality industry in India. The Indian economy is on a trail of growth accompanied increased foreign investment, more business and leisure travel, and more opportunities for growth in the tourism sector. The research papers in this e-book capture the flavour of the fascinating transition that is taking place in India, and cover a diverse range of areas from the use of information technology for reservation in mid-size hotels in Indian to environmental consciousness.
