| Sommario/riassunto      | Germany is clearly the dominant economic force in Europe. It occupies the pivotal position of being at the centre of both the EC and of attempts to rebuild the economies of East Central Europe. The German Economy traces the various aspects of German policy and growth, concentrating in particular on the last two decades. These include: the German economy in perspectivethe regional dimensionfiscal policymonetary policysocial policythe labour marketbanking and financeindustry, trade and economic policy.</U |
