Europe? / Mark A. Pollack -- Conclusion: the end of transatlantic partnership? / John Peterson and Mark A. Pollack.

Sommario/riassunto

Europe, America, Bush is the first study of underlying elements of continuity in the transatlantic relationship, as well as new and powerful forces for change. It offers a definitive assessment of whether, and how much, the election of George W. Bush, the events of 11 September, and conflict over Iraq mark genuine and lasting change in transatlantic relations. American and European experts assess transatlantic relations on matters of foreign and security policy, economic diplomacy, justice and internal security cooperation, environmental policy and relations with Russia.
