Frontier Policy in the Late Eighteenth Dynasty; V. Frontier Policy in the Nineteenth Dynasty; VI. Frontier Policy in the Twentieth Dynasty; VII. A Conclusion; Bibliography; Index
Sommario/riassunto	This volume utilizes both archaeological and textual data pertaining to Egyptian military bases to examine the evolution of Egypt's foreign policy in the New Kingdom. The types of structures erected to house soldiers and administrators in Syria-Palestine, Nubia, and Libya differed in ways that do much to illuminate the nature of imperial aims in these subject territories.
