A critical realist approach to gender issues in computing / Sue Clegg -- Truth in fiction, science and criticism / Garry Potter -- Reconsidering literary interpretation / Philip Tew -- Vaporising the real : artificiality, millennial anxiety and the "End of history" / Francis Barker -- Rorty on pragmatism, liberalism and the self / Justin Cruikshank -- Realism and research, philosophy and |

poverty politics : the example of smoking / David Ford -- Descartes' individualistic epistemology--a critique / Allison Assiter -- Social movements and science : the question of plural knowledge systems / Jenneth Parker -- Do realists run regressions? / Douglas V. Porpora -- Marx, Hegel and the specificity of the political / Robert Fine -- Critical realism in light of Marx's process of abstraction / Bertell Ollman -- On real and nominal absences / Andrew Collier.

Sommario/riassunto

What comes after 'postmodernism'? A buzzword which began as an energising, radical critique became, by the 20th Century's end, a byword for fracture, eclecticism, political apathy and intellectual exhaustion. The last few years have seen a growing interest in critical realism as a possible, alternative way of moving forward. The virtues of critical realism lie in its successful provision of a philosophical grounding for the social sciences and humanities and of a methodology applicable to many different fields of analysis. After Postmodernism brings together some of the best-known names in the f
