Note generali	Bibliographic Level Mode of Issuance: Monograph
Nota di bibliografia	Includes bibliographical references (p. [283]-289) and index.
Sommario/riassunto	This wide-ranging, interdisciplinary analysis blends history, economics, and politics to challenge the prevailing accounts of the rise of U.S. militarism. While acknowledging the contributory role of some of the most widely-cited culprits, this study explores the bigger, but largely submerged, picture: the political economy of war and militarism.
