Murton -- Where to from here: policy panel / Guy Saint-Pierre -- Some private-sector thoughts on home/host-country supervisory issues / Lawrence R. Uhlick.

Sommario/riassunto

This book explores the potential and problems of bank safety and efficiency arising from the rapidly growing area of cross-border banking in the form of branches or subsidiaries with primarily only national prudential regulation. There are likely to be differences in the treatment of the same bank operating in different countries or of different banks from different home countries operating in the same country with respect to deposit insurance provisions, declaration of insolvency, resolution of insolvencies, and lender of last resort protection. The book identifies these protection problems
