Sommario/riassunto	Women are vital members of the economics profession, yet they have traditionally received scant recognition for their work. This volume provides information on 51 remarkable women in the profession. They come from all areas of economics-academia, the business world, public policy-and include those who are currently active as well as 19th-century pioneers in the field. Entries cover biographical information, as well as the subjects' work, providing a unique guide to the many and varied contributions these women have made to economics. Joan Robinson was one of the most significant economists of
