

1. Record Nr.	UNINA9910451520503321
Titolo	Glaucoma in the new millennium [[electronic resource]] : proceedings of the 50th Annual Symposium on Glaucoma, New Orleans, LA, USA, April 6-8, 2001, organized by the New Orleans Academy of Ophthalmology // edited by Jonathan D. Nussdorf
Pubbl/distr/stampa	The Hauge, The Netherlands, : Kugler Publications, 2003
ISBN	1-280-73916-9 9786610739165 90-6299-790-2
Descrizione fisica	1 online resource (312 p.)
Altri autori (Persone)	NussdorfJonathan D
Disciplina	617.7 617.7/41
Soggetti	Glaucoma Electronic books.
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references.
Nota di contenuto	Contents; Preface; Contributors; Defining Glaucoma; An approach to glaucoma pathogenesis; How do we kill the idea of low-tension glaucoma?; How much glaucoma damage is pressure-dependent?; Ocular blood flow and glaucoma; Microvascular changes of the human anterior optic nerve in glaucoma; Neuroprotection and glaucoma. How do I tell if a drug is neuroprotective?; The Angle; The true nature of angle-closure glaucoma; Gonioscopy in the laser age; Round table: How I make the decision to do a peripheral iridotomy: my laser, lens and settings Round table: How I make the decision to do ALT: my laser, lens and settingsThe Optic Nerve Head; Evaluation of optic disc and nerve fiber layer in glaucoma. Clinical techniques; Round table: How I follow the optic nerve head and nerve fiber layer: my step by step approach; Workshop: Imaging the optic nerve head and nerve fiber layer in glaucoma; Round table: My most confusing optic nerve head; Psychophysics; Update on psychophysical tests for glaucoma; The variability of perimetry. Reassessing an important clinical tool; Round

table: Visual field; Update on perimetry. New developments
Questions directed to Chris Johnson in his absence
Treatment Issues, Problems & Repairs; Using combination drugs in glaucoma management; The use of topical anesthesia for a combined cataract and glaucoma procedure; Update on antimetabolic use; Plumbing pearls. An effective method for reversing hypotony maculopathy and how to save failing filtering blebs at the slit lamp; Round table: My procedure and antimetabolite dose of choice for a primary trabeculectomy; Round table: Refractive surgery: thin corneas, inaccurate intraocular pressures, and the myopic disc at risk; Duke-Elder lectures
Lecture 1: Maintenance and pathophysiology of intraocular pressure
Lecture 2: Natural history of simple open-angle glaucoma;
Lecture 3: Natural history of congestive narrow-angle glaucoma;
Appendix 1 - Glaucoma Symposiums of the New Orleans Academy of Ophthalmology; Appendix 2 - Sponsors
