Sommario/riassunto Figures of Finance Capitalism brings into focus Victorian narratives by major middle-class writers in which the workings of finance capitalism are prominently featured, and reads this interest in finance capitalism in the context of middle-class misgivings about a class system still dominated by a patrician elite. This book illustrates the centrality of finance capitalism to the mid-Victorian middle-class social imagination by discussing a selection of major Victorian texts by Dickens, Gaskell,

Thackeray and Macaulay. In so doing, it draws on several new perspectives on British histor
