Sommario/riassunto	Guerrilla insurgencies continue to rage across the globe, fueled by ethnic and religious conflict and the easy availability of weapons. Reflecting the massive global movement of population from the countryside to cities, guerrilla conflict in urban areas, similar to the current violence in Iraq, will become more frequent. In his wide-ranging and richly detailed comparative analysis, Anthony James Joes examines eight key examples of urban guerrilla conflict across half a century and four continents: Warsaw in 1944, Budapest in 1956, Algiers in 1957, Montevideo and Sao Paulo in the 1960's, Sai
