Nota di contenuto	The archaeological critique of colonization : global trajectories -- Archaeological narratives of colonialism -- Address/redressing the past : restitution, repatriation, and ethics -- Colonial and postcolonial identities -- Strategies of practice : implementing the postcolonial critique.
Sommario/riassunto	This essential handbook explores the relationship between the postcolonial critique and the field of archaeology, a discipline that developed historically in conjunction with European colonialism and imperialism. In aiding the movement to decolonize the profession, the

contributors to this volume-themselves from six continents and many representing indigenous and minority communities and disadvantaged countries-suggest strategies to strip archaeological theory and practice of its colonial heritage and create a discipline sensitive to its inherent inequalities. Summary articles review the
