Sommario/riassunto

Covering employment and wage gender gaps, participation of women, fertility, and the welfare of children, this insightful volume considers the trend towards greater participation of women in labour markets. It addresses the trade-offs involved in increasing participation of women in paid employment, setting out a better informed policy debate about these issues, and paving the way to realistic targets and ways to achieve them. Tito Boeri is Professor of Economics at Bocconi University, Milan. and Director of the Fondazione Rodolfo De Benedetti. He is research fellow of CEPR (Centre for Economic
