Sommario/riassunto	Edible Mushrooms was first published in 1981. Minnesota Archive Editions uses digital technology to make long-unavailable books once again accessible, and are published unaltered from the original University of Minnesota Press editions. The choicest varieties of mushrooms cannot be cultivated or commercially grown but are available in abundance to those who take the trouble to find them. With this book in hand, anyone can, with confidence, gather and enjoy delicious wild mushrooms without fear of the poisonous varieties. Edible Mushrooms, a new edition of the 1943 classic guide, Common Edible M
