Organizing environments for entrepreneurship; 6.1 The

spatial clustering of economic activity; 6.2 Variety and evolution of territorial entrepreneurial networks

Sommario/riassunto

Entrepreneurship has regained centre stage in the contemporary knowledge-intensive and innovation-driven economy, as well as in research. Integrating classic and recent insights into the organization, economics and management of entrepreneurial activities, Organizing Entrepreneurship aims to blend rigor with relevance, and connects theory with practical problems around key questions, such as: Is there any method in having 'good ideas' and discovering opportunities? Through which mechanisms can human, social, technical and financial resources be att
