Sommario/riassunto

Art Teaching speaks to a new generation of art teachers in a changing society and fresh art world. Comprehensive and up-to-date, it presents fundamental theories, principles, creative approaches, and resources for art teaching in elementary through middle-school. Key sections focus on how children make art, why they make art, the unique qualities of children's art, and how artistic development can be encouraged in school and at home. Important aspects of curriculum development, integration, evaluation, art room management, and professional development are covered. A wide range of a
