A Taste of Their Own Medicine: Medical Assistance and Humanitarianism as Substitutes for UN Peacekeeping 6. Theorizing the Visual: New Critical Horizons Appendix: Chronology of the Rwandan Crisis; Notes; Index
Sommario/riassunto	Time and again the United Nations has deployed peacekeeping missions in trouble spots around the globe: Iraq, Somalia, Bosnia, Rwanda. Has peace ensued? Have these missions, in fact, made any difference in the disorder and destruction they are purported to forestall? Or are they, as Francois Debrix contends in this critical revisiting of UN interventions, an illusion-more virtual peacekeeping than actual interventions in international affairs?
