Sommario/riassunto	Globalization, by which is meant the increasing economic interdependence among nations, has been a critical ingredient in enabling enormous improvement in mankind's condition. While progress has not always been smooth, and has not come without dislocation for some, the economic policy challenge has been, and is, to enable the realization of the large potential benefits of globalization while simultaneously reducing the negative side effects and providing safety nets for those whose lives are disrupted in the process. This volume focuses on the successes of globalization, and some of the main
