Sommario/riassunto	Ruthless is a candid exploration of the criminal subculture of Wall Street, and one of the first books to speak for the victims of the financial meltdown. On February 14, 2008, author Phil Trupp received a call from one of his brokers telling him a large portion of his

When the fog started to clear, Trupp realized he was one of many investors caught up in what experts called the greatest attempted securities fraud in modern Wall Street history-a 336 billion scam which made the savings and loan scandal
