Understanding Why Judges and Juries Disagree about Criminal Case Outcomes -- 5. The Defense Case -- 6. The Impact of Race on Judge and Jury Decision Making -- 7. Conclusion -- Appendix A -- Appendix B -- Appendix C -- Notes -- Bibliography -- Index -- About the Authors
Sommario/riassunto	As scores of death row inmates are exonerated by DNA evidence and innocence commissions are set up across the country, conviction of the innocent has become a well-recognized problem. But our justice system makes both kinds of errors—we acquit the guilty and convict the innocent—and exploring the reasons why people are acquitted can help us to evaluate the efficiency and fairness of our criminal justice

system. Not Guilty provides a sustained examination and analysis of the factors that lead juries to find defendants "not guilty," as well as the connection between those factors and the possibility of factual innocence, examining why some criminal trials result in not guilty verdicts and what those verdicts suggest about the accuracy of our criminal process.
