| Sommario/riassunto      | Moseley explains the mechanisms for planning, managing and financing rural development at the local level. The text provides students and practitioners with a primer that links the theory to the practice of 'doing' rural development.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |
