Sommario/riassunto	What am I to believe?' is perhaps the fundamental question of human existence. It is unlikely that most people reach the end of their lives

without wondering what it has all been for and what happens next. But the question of belief is more than just academic, since what people believe is now more critical than ever. As G R Evans shows, an ignorance of the history of beliefs can leave individuals susceptible to the influence of extreme ideas, and unsure how to put them into context and judge their validity. In all religions, not just Islam and Christianity, that is precisely how sects and cul
