Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Cover; Contents; Notes on Contributors; Chapter 1 - Introduction; Part I - Theoretical Puzzles; Chapter 2 - The Problem of Scale in Human/Environment Relationships; Chapter 3 - The Politics of Scope: Endogenous Actors, Heterogeneity and Institutions; Chapter 4 - Heterogeneity, Linkage and Commons Problems; Part II - Evidence from the Laboratory; Chapter 5 - Heterogeneities, Information and Conflict Resolution: Experimental Evidence on Sharing Contracts; Part III - Evidence from the Field; Chapter 6 - Constituting Social Capital and Collective Action
	Chapter 7 - The Conditions for Successful Collective Action Chapter 8 -

Self-interest and Environmental Management; Chapter 9 - Heterogeneities at Two Levels: States, Non-state Actors and Intentional Oil Pollution; Index

Sommario/riassunto | This volume offers a synthesis of what is known about very large and very small common-pool resources. At an international level, states cannot appeal to authoritative hierarchies to enforce agreements they make to cooperate with one another. In some small-scale settings, participants may be just as helpless in calling on distant public officials to monitor and enforce their agreements.
