Sommario/riassunto

This volume represents the first, in-depth, inter-disciplinary, analysis of the past, present and future of the European Union's relations with countries, non-state actors and other partners across the Asia-Pacific region. The book is situated in the developing, interdisciplinary, discourse of EU foreign policy towards countries and regions across Asia, and it offers a research-led critique of the construction and the elements of the EU-Asia 'political space'. Written by an international team of experts from both Asia and Europe, the volume investigates the historical and cultural background, as well as diverse representations and imaginations in regard to the Asia-Europe inter-continental dialogue. The book examines the varied patterns, policies and priorities of the contemporary political, economic and cultural relations linking the EU with its interlocutors in Asia. Moreover, this collection throws light on a selected number of issues pertinent to current EU-Asia interaction, such as human rights promotion, learning and educational exchange, and the role of the mass media in the construction of Asia-Europe relations. The twelve chapters in this book cover a wide scope of subjects, including the EU's Relations with the Association of Southeast Asian Nations (ASEAN), the summitry of the Asia-Europe Meetings (ASEM), EU foreign policy choices in Asia and EU contacts with Central Asia, Australia and New Zealand. This text is of interest to undergraduate and postgraduate students, lecturers, the business community, decision-makers and practitioners in Politics, European Studies, Asia-Pacific Studies, International Relations, Law, Human Rights and Business Studies.
