Sommario/riassunto	An adversary who attacks an organization from within can prove fatal to the organization and is generally impervious to conventional defenses. Drawn from the findings of an award-winning thesis, <i>Managing the Insider Threat: No Dark Corners</i> is the first comprehensive resource to use social science research to explain why traditional methods fail against these trust betrayers. In this groundbreaking book, author Nick Catrantzos identifies new

management, security, and workplace strategies for categorizing and defeating insider threats. The book begins with proble
