Sommario/riassunto	"What is the relationship between education, aid and aid-agencies? Drawing on international research in numerous countries, including

Thailand, India, Afghanistan, Lebanon and the UK, the contributors consider the external factors affecting educational provision during and after emergencies. Each chapter contains a summary of the key points and issues within the chapter to enable easy navigation, key contemporary questions to encourage active engagement with the material and an annotated list of suggested further reading to support further exploration."--
