

1. Record Nr.	UNINA9910452204903321
Titolo	Computer games [[electronic resource]] : learning objectives, cognitive performance and effects on development / / Agustin Soria and Julian Maldonado, editors
Pubbl/distr/stampa	New York, : Nova Science Publisher's, c2010
ISBN	1-61761-178-6
Descrizione fisica	1 online resource (219 p.)
Collana	Computer science, technology and applications series
Altri autori (Persone)	SoriaAgustin <1954-> MaldonadoJulian
Disciplina	794.8/1526
Soggetti	Computer games - Programming Computer games - Design Computer games - Research Video games - Design Electronic books.
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
