Sommario/riassunto

This book is a collection of essays written by Ambassador, Professor Jørgen Ørstrøm Møller. from the middle of 2009 to end of 2012, commenting on global economic and political events, which reflect Moeller's judgment and evaluation on these issues. Readers get an overview to the collection of essays and the worldview they represent in an introductory chapter weaving together strands of economics, politics, and societal issues. Møller goes a step further by sketching up a picture of how a future economic model and political system may look - forged by debt, scarcities, economic integration,
