

1. Record Nr.	UNINA9910452320803321
Autore	Stearns Stephen C
Titolo	Evolution in Health and Disease [[electronic resource]]
Pubbl/distr/stampa	Oxford, : Oxford University Press, UK, 2007
ISBN	1-281-37136-X 9786611371364 0-19-154876-6 1-4356-4115-9
Edizione	[2nd ed.]
Descrizione fisica	1 online resource (397 p.)
Collana	Oxford biology Evolution in health and disease
Altri autori (Persone)	KoellaJacob C
Disciplina	616.042 616/.042
Soggetti	Disease Diseases Evolution, Molecular Health Human evolution Medical genetics Pathology Medicine Health & Biological Sciences Electronic books.
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di contenuto	Contents; List of Contributors; Part I: Introduction; Part II: The history and variation of human genes; Part III: Natural selection and evolutionary conflicts; Part IV: Pathogens: resistance, virulence, variation, and emergence; Part V: Noninfectious and degenerative disease; References; Index
Sommario/riassunto	A fully revised edition of a volume written by the world's leading authorities on this subject. It discusses how the evolution of humans and their pathogens have generated important medical issues, covering both infectious and degenerative diseases. It presents important ideas

that are not yet sufficiently appreciated in the medical community. - ;In this fully revised and updated edition, the editors have integrated a completely new set of contributions from the leading researchers in the field to describe the latest research in evolutionary medicine, providing a fresh summary of this rapidly
