Sommario/riassunto

Current Research on Bisexuality is an important resource on recent psychological and sociological findings in bisexual studies. The authors provide research findings and case studies that add to our understanding of bisexual identity, bisexuality and relationships, bisexuality and ethnicity, and attitudes toward bisexual people. This book examines research findings, literature reviews, and a wealth of resources that currently exist on bisexuality and bisexual issues. This book will bring you up to date on: bisexual identity development
