Sommario/riassunto	The A to Z of Modern Italy is an attempt to introduce the key personalities, events, social developments, and cultural achievements of Italy since the beginning of the 19th century, when Italy first began to emerge as something more than a geographical entity and national feeling began to grow. This is done through a chronology, a list of acronyms and abbreviations, an introductory essay, a map, a bibliography, and some 400 cross-referenced dictionary entries on prominent individuals, basic institutions, crucial events, history, politics, economics, society, and culture.
