Sommario/riassunto	This innovative new book is overtly and explicitly about female agency in eighteenth-century European towns. However, it positions female activity and decisions unequivocally in an urban world of institutions, laws, regulations, customs and ideologies. Gender politics complicated and shaped the day-to-day experiences of working women. Town rules and customs, as well as police and guilds' regulations, affected women's participation in the urban economy: most of the time, the formally recognized and legally accepted power of women - which is an essential component of female agency - was very
