Sommario/riassunto What role can resources that go beyond text play in the development of moral education in law schools and law firms? How can these resources - especially those from the visual and performing arts - nourish the imagination needed to confront the ethical complexities of particular situations? This book asks and answers these questions. This work complements The Arts and the Legal Academy, also published by Ashgate, which focuses on the role of non-textual resources in legal education generally. Concentrating in particular on the moral dimension of legal education, the contributors in this volume
