Saucier -- Imagination and emotion: "Remember the Alamo" to "remember the Maine": the visual ideologies of the Mexican and Spanish-American wars / Bonnie M. Miller -- Virtuous victims, visceral violence: war and melodrama in American culture / Jonna Eagle -- On angel's wings: the religious origins of the US Air Force / Timothy J. Cathcart -- Foretelling and forgetting: The prophecies of Civil War soldiers: a history of the future / Jason Phillips -- Randall Wallace's we were soldiers: forgetting the American war in Viet Nam / Susan L. Eastman -- Marshaling the

imaginary, imagining the martial: or, what is at stake in the cultural analysis of war? / Amy S. Greenberg.

Sommario/riassunto

Martial experiences and the mythologies that surround them have profoundly affected the ways in which Americans think of themselves. Wars identify the heroes who help define national character, provide the stories for the grand narratives of belonging and sacrifice, and serve as markers for essential moments of transformation. However, only in the last several years have scholars begun using the term "cultural history of American warfare" to identify the study of how public discourse formulates these defining myths and narratives. This volume brings together scholarship from diverse fields in

Sommario/riassunto

For these very reasons, because Ancient Israel means so much to us and because we actually know so little for sure, The A to Z of Ancient Israel is particularly important. It examines the usual sources in the Old

Testament and surveys the findings of more recent archaeological research to help us determine just what happened and when, a far from simple task. It includes entries on most of the persons, places, and events which are generally considered, and shows more broadly what the Kingdoms of Israel and Judah were like and what role they played in the ancient world, but it also define
