	Sommario/riassunto	This book addresses the global need for more comparative studies on health policy and health care systems, given the rise in recent decades of societal aging, modern mass diseases, economic globalization, and resulting permanent fiscal austerity of governments which have fundamentally altered the status quo of health care systems. The book

examines the healthcare experiences of the most developed countries in Asia (Japan, South Korea, Taiwan and Singapore) and compares these with four of the most important health care systems in Europe (UK, France, Germany and Italy). Focusing on the
