Bettmann -- Adolescents / Joanna E. Bettmann -- Substance abuse / Gloria Jacques -- Concluding remarks/ Caren J. Frost.
Sommario/riassunto	International Social Work Practice compares and contrasts divergent social work approaches in countries around the world, providing students with a unique perspective on social work as it is actually practised. Using case studies from frontline practitioners from across the globe, this innovative new textbook stimulates critical thinking about international social work practice issues. Providing a review of both country-specific social work practices and universal social work issues, the text looks at a variety of core social work topics, framed here in terms of CSWE competencies.
