

1. Record Nr.	UNINA9910452911603321
Autore	Hjelmar Ole
Titolo	Treatment methods for waste to be landfilled [[electronic resource] /] / Ole Hjelmar ...[et. al.]
Pubbl/distr/stampa	Copenhagen, : Nordic Council of Ministers, 2009
Descrizione fisica	1 online resource (147 p.)
Soggetti	Organic wastes - Purification Refuse and refuse disposal Electronic books.
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references.
Nota di contenuto	<p>""Content""; ""Preface""; ""Summary""; ""MSWI APC residues""; ""Shredder residues""; ""MSWI bottom ash""; ""Ash from incineration of biofuels""; ""Abbreviations and acronyms""; ""1. Introduction""; ""1.1 Background and objective""; ""1.2 Approach""; ""1.3 Selection of wastes""; ""2. Required environmental properties""; ""2.1 The waste acceptance criteria and treatment needs""; ""2.2 Landfills for non-hazardous waste""; ""2.3 Landfills for hazardous waste""; ""3. Treatment principles""; ""3.1 Required improvements""; ""3.2. Overview of treatment principles""</p> <p>""4. MSWI APC residues, including fly ash""""4.1 Waste characteristics""; ""4.2 Classification, challenges and treatment objectives""; ""4.3 Current MSWI APC residue production and management in the Nordic countries""; ""4.4 Overview of potential treatment methods for MSWI APC residues""; ""4.5 Technical description of treatment methods""; ""4.6 Overview and discussion of treatment options for MSWI APC residues""; ""5. Shredder residue (SR)""; ""5.1 Waste characteristics""; ""5.2 Classification, challenges and treatment objectives""; ""5.3 Current SR management in the Nordic countries""</p> <p>""5.4 Overview of potential treatment methods for SR""""5.5 Technical description of treatment methods""; ""5.6 Overview and discussion of treatment options for SR""; ""6. MSWI bottom ash""; ""6.1 Waste characteristics""; ""6.2 Classification, challenges and treatment</p>

objectives"; ""6.3 Current MSWI BA management in the Nordic countries"; ""6.4 Overview of potential treatment methods for MSWI BA"; ""6.5 Technical description of methods"; ""6.6 MSWI bottom ash treatment installations"; ""6.7 Environmental evaluation"; ""6.8 Technical development stage"; ""6.9. Operational data ""
""6.10 Economic considerations and efficiency""7. Bioashes"; ""7.1 Origin and properties of ash from biomass incineration"; ""7.2 Treatment options"; ""8. Conclusions"; ""References""; ""Dansk sammenfatning""; ""Appendix 1""; ""Appendix 2""; ""Appendix 3"";
""Appendix 4""; ""Appendix 5""
