Sommario/riassunto

Volume 37 of *Advances in Librarianship* presents detailed examples of local and regional mergers and other alliances, the methods used to ensure effective and successful collaborations, and descriptions of the factors which contributed to less successful efforts at consolidation. This volume is a companion to Volume 36 which provided a broader view of such efforts. The current volume is divided into two sections: collaborations with seven chapters and mergers, with five chapters. All of the chapters include original research, case studies, literature reviews and conceptual papers. Topics includ
