Sommario/riassunto	How the state 'deals with' crime and criminality is a major issue for all students of criminology and criminal justice. This book offers a fresh perspective on the policy making process in the criminal justice system of England and Wales by presenting a detailed overview of both the theory behind it and how it plays out in practise with contemporary policy examples. The key features of this text include a detailed analysis of the basic political concepts surrounding the relationship between the citizen and the state as well as an overview of the state departments, organizations and i
