6 Parents, children's sexual subjectivity and the transmission of sexual knowledge across generations7 Critical conversations: building a culture of sexual ethics early in life; References; Index

Sommario/riassunto

Innocence, Knowledge and the Construction of Childhood provides a critical examination of the way we regulate children's access to certain knowledge and explores how this regulation contributes to the construction of childhood, to children's vulnerability and to the constitution of the 'good' future citizen in developed countries. Through this controversial analysis, Kerry H. Robinson critically engages with the relationships between childhood, sexuality, innocence, moral panic, censorship and notions of citizenship. This book highlights how the strict regulation of children
