| Sommario/riassunto | The one-of-a-kind exploration of effective alcohol prevention and treatment for Latinos-now and for the future!By the year 2020, the Latino population in the United States will increase to 60 million, making up 18 percent of all residents. Latinos and Alcohol Use/Abuse Revisited: Advances and Challenges for Prevention and Treatment Programs brings into sharp focus how present and future demographic shifts in Latino population are being felt in alcohol programs across the United States. Case studies and in-depth research clearly illustrate the practical steps various culturally comp |
