Nota di contenuto	pt. 1. Conceptualizing and researching governance in public and non-profit organizations -- pt. 2. Empirical studies on public and non-profit governance.
Sommario/riassunto	The first volume of the series aims to give an outline of the state of the art and the most recent research being done on public and non profit governance at the international level (with particular emphasis in Europe). The focus of the volume is mainly on the "organizational" governance that still remains "a neglected area of governance" both in the public and in the non-profit sector.
