Sommario/riassunto	"Feminism is so last century. Surely in today's world the idea is irrelevant and unfashionable? Wrong. Since the turn of the millennium a revitalised feminist movement has emerged to challenge these assumptions. Based on a survey of over a thousand feminists, Reclaiming the F Word reveals the what, why and how of today's feminism, from cosmetic surgery to celebrity culture, from sex to singleness and now, in this new edition, the gendered effects of possibly the worst economic crisis ever. This is a generation-defining

book demanding nothing less than freedom and equality, for all"--EBL.
